About Us

OUR VISION

Our team have a shared vision of being the best in the field by embracing the challenges that may arise in the future and overcoming them with ease to ensure that we achieve our goal of Customer Satisfaction.

OUR MISSION

SIGMA is committed to service excellence and engages in continuous efforts to provide Value-Added services and be a One-Stop solution provider for customers.

WHO ARE WE

SIGMA is a Marine survey, Inspection and Marine consultancy company based in Asia with its headquarters in Singapore and boasts vast experience in Marine Warranty Survey (MWS), Project Cargo Survey, Cargo Survey (Dry, Reefer and Liquid), Marine Survey and Marine Consultancy.

We are comprised of an experienced team of Marine Surveyors, Cargo Surveyors and Marine Engineers who have tremendous experience in their respective fields and have worked closely with major Classification Societies, International shipyards, Governments, Private Companies, Insurance Companies and P&I Clubs for numerous projects of significant importance to the shipbuilding, offshore & marine industry.

Quality Excellence is our motto and our success can be largely attributed to the personalized service we provide to each client and every project. Regular training is given to our employees to ensure competency in aspects like rules and regulations related to Marine Services and troubleshooting. With our excellence in service and optimum usage of resources, **SIGMA** handles its day-to-day operations with an experienced and dedicated workforce to provide 24/7 service to our clients.
